The Firearms Coalition of Colorado
09-24-2024 Legislative Alert- Campaign for your rights or lose them

The Lame Duck President has emerged from the shadows to promise more executive action gun control before the expiration of his term. The Socialist/Liberal/Progressive Candidate, who has served as "Gun Czar," and "Border Czar," as well as Vice-President of the current administration, is more rabidly anti-Second Amendment than her absent-minded boss.

President Biden plans to sign new executive actions aimed at reducing gun violence (msn.com).

The contrast between the two US Presidential Candidates could not be more well defined. Despite her claim to be a "gun owner," the Socialist/Liberal/Progressive Candidate supports a ban that would include an estimated 60% of the privately owned firearms in the United States. The prospect of four new Left-wing senators from Puerto Rico and D.C. and a Supreme Court packed with anti-Second Amendment justices, looms dangerously large, if the anti-gun Left sweeps the election.

The future of the Second Amendment depends on the November Election. Please provide all possible support to pro-Second Amendment candidates from the most pro-individual gun rights major political party. This means contributions of time and money to candidates at all levels. If you do not actively campaign for your legal rights, you will lose them. Time is running out.

There should be a pro- Second Amendment "Wave" in our state this year, because of the Biden/Harris Administration's disastrous policies and actions in in other areas, such as Afghanistan, the Middle East, immigration, weaponization of federal agencies against political opponents, collusion with the Mainstream Media on censorship and dissemination of disinformation, inflation, covering up Biden's long-known mental decline, and failure to protect Donald Trump from a potential assassin. We have been left out of past "Waves." We cannot afford to sit on the sidelines and miss this last opportunity to save our birthright of freedom recognized by the Second Amendment.

There will be no "do-overs" after the election this year. This past legislative session was a taste of what is in store, if the status quo remains unchanged in Colorado. At a gun show several years ago, a legal immigrant from Eastern Europe said, "I came to this country to get away from Communism. The Communists are taking over here. Where will I go now?"

Please get personally involved in the election process. Mike Rosen was right. "Party trumps person." A protest vote is a wasted vote. People who support third party candidates who cannot win are called "losers." Elections are decided by people who participate in the process. Please do something today to protect your birthright of freedom from those who would take it away.

10 MILLION MISSING #GUNVOTES

Reporting shows there could be more than 515,000 hunters in Pennsylvania who aren't registered to vote in the 2024 election. That number is closer to 370,000 each in Michigan and North Carolina. Georgia, Wisconsin, Missouri and Virginia "all have more than half a million hunters and gun owners unregistered," and in Arizona – another key swing state – that number totals 133,000.
